SQUARE TARIFF DEAL NEED OF FILIPINOS.

Ex-Gov. Ide Says People Are in Better Condition, but Trade is Hampered.

SAN FRANCISCO, Oct. 28.—Henry Clay Ide, late Governor of the Philippine Islands, arrived here yesterday on the liner Hong Kong and accompanied by his daughter, Miss Marjorie Ide.

Speaking today of conditions in the Islands, Gov. Ide said: "The Philippines are today in better shape than they ever were under Spanish or American rule."

"What the Philippines do need, however, is a square deal in the matter of the tariff. By annexation we killed the Spanish market for the sugar and tobacco of the Philippines, and by our tariff we barred these products from the United States."

MRS. EDDY'S ENEMY PARTED FROM WIFE

Servant-Girl Problem Played a Part in Domestic Affairs of the Peabodys.

BOSTON, Oct. 29.—The never-absent servant-girl problem seems to have played a prominent part in separating Frederick W. Peabody, lawyer and enemy of Christian Science, and one whom Mrs. Mary Baker Eddy and her associates fear because of his books exposing her, and his handsome wife, Mrs. Peabody, who testified yesterday in the role of libellant, and the talk he gave his wife made her cry, and it is probable that a reconciliation will be brought about.

"I told her: I, hope you will never go back to him." "And what reply did Mrs. Peabody make to that?" "She said, 'I never shall.'"

Peabody then went on the witness stand. The servant girl problem was the real beginning of his wife's troubles, the testimony showed. "I married her when I have at least one servant girl in the house. Mrs. Peabody insisted the other way. Against my continuous protest, she tried to do all the work herself, and then her health broke down."

JUDGE RAPS MAGISTRATES.

No Such Crime as "Disorderly Conduct," Says Rosalsky. Judge Otto Rosalsky, of the Court of General Sessions, has just handed down a decision reversing on appeal the conviction for disorderly conduct of two members of the Typographical Union No. 6, Johnson Froland and Thomas P. Crane, by Judge Cornell in Jefferson Market Court.

Judge Rosalsky held that there was no evidence to warrant their conviction, and that there is no such crime as disorderly conduct defined in the Penal Code, but that the Magistrate's decision is a violation of the constitution.
